

Roswell Road/Glenridge Drive Intersection Improvement Project

April 29, 2015

Thank you for attending the public information open house for the proposed Roswell Road (SR 9) @ Glenridge Drive Intersection Improvement Project, (City of Sandy Springs Project T-0043, Georgia Department of Transportation PI No. 0013194). In this handout package you will find a project description of the project, location map, and comment card.

While there is no formal presentation tonight, City representatives are on hand to answer your questions. You can provide your comments by Friday, May 8, 2015 in one of several ways:

- Provide your verbal comments to the court reporter who will transcribe your comments for our project records
- Fill out the comment card and drop it in the comment box before leaving the Open House
- Mail your comment card to: Jeffrey W. Dyer, Qk4, Inc. 3169 Holcomb Bridge Road, Suite 455, Norcross, GA 30071.
- Email your comments to transportation@sandyspringsga.gov
- To view the project plans, visit sandyspringsga.gov.

The displays and plans will be available for review for ten days after the public information open house at the Sandy Springs City Hall, 7840 Roswell Road, Building 500, Sandy Springs, Georgia 30350. A copy of all comments received will be available for public review at Sandy Springs City Hall as soon as compilation is completed.

Again, thank you for your participation.

FACT SHEET

Roswell Road @ Glenridge Drive Intersection Improvements City of Sandy Springs Project T-0043, GDOT P.I.# 0013194

LOCATION:	The project is located in the City of Sandy Springs in Fulton County.
LENGTH:	Length of the project is approximately 800 feet along Roswell Road and 800 feet along Glenridge Drive.
SPEED DESIGN:	35 mph (existing and proposed) along both Roswell Road and Glenridge Drive.
PROPOSED ROADWAY:	Dual southbound left-turn lanes will be added on the Roswell Road approach. Glenridge Drive approach will be relocated 130 feet north of the existing intersection location to line up with condominium driveway, replacing the existing two offset intersections with a single four-legged intersection.
ESTIMATED RELOCATIONS:	None
MAJOR STRUCTURES:	None
MAJOR UTILITY RELOCATION:	To Be Determined
CONSTRUCTION COST:	\$1.1million (including Right-of-Way)
CONSTRUCTION TIME:	12 months
NUMBER OF PARCELS:	6
TRAFFIC:	Roswell Road ADT (2015): 33,600 vpd Glenridge Drive ADT (2015): 18,600 vpd Roswell Road ADT (2039): 44,600 vpd Glenridge Drive ADT (2039): 24,810 vpd
TENTATIVE SCHEDULE:	Project Concept Report Approved December 2015 Right of Way Acquisition October 2017- July 2018 GDOT Advertise for Construction October 2018 Construction 12 months

Project Description

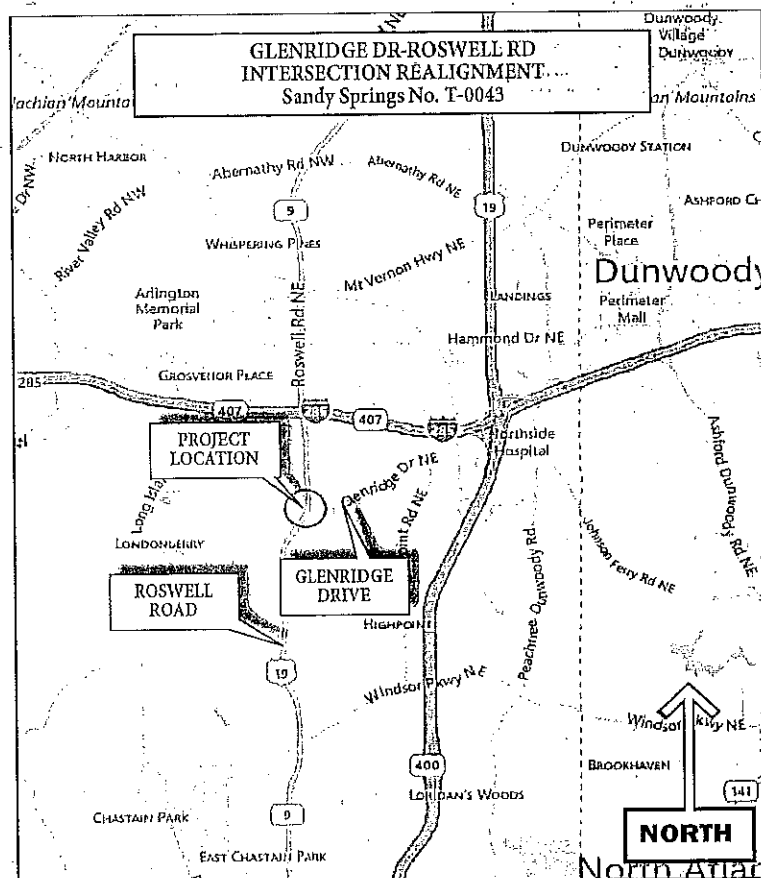

Roswell Road (SR 9) @ Glenridge Drive Intersection Reconstruction (City of Sandy Springs
Project T-0043, GDOT PI No. 0013194, Fulton County).

This project will relocate SR 9 (Roswell Road) @ Glenridge Drive approximately 130' north of its existing location. This will allow Glenridge Drive to line up with the Round Hill Condominiums driveway, providing a single four-legged intersection. The project will provide dual southbound left-turn lanes on the Roswell Road approach and two eastbound receiving lanes on eastbound Glenridge Drive as it leaves the intersection. The existing northbound right-turn lane on Roswell Road north of the intersection will be eliminated to make room for the dual southbound lefts turning onto Glenridge Drive.

This project will improve the Glenridge Drive alignment as it approaches Roswell Road by improving the existing radius along the existing approach curve. The intersection angle will be improved to 80 degrees on the Glenridge Drive approach.

An additional eastbound lane on Glenridge Drive will be constructed east of the intersection, from which the right lane would then merge into a single through lane. Sidewalks will be constructed on both sides of both roadway.
